

Crochet Bunny Applique Tutorial (Step-by-Step Guide)

This PDF provides a detailed step-by-step guide to creating the adorable crochet bunny applique. It includes a complete explanation of crochet symbols, stitch meanings, and a redesigned diagram in neutral tones (black and grey). The bunny is perfect for decorating baby clothes, blankets, and handmade accessories.

Finished Crochet Bunny Applique

Xiaohongshu ID: Dreamstar68

Crochet Symbols and Meanings:

- "X" : Single Crochet (sc)
- "I" : Double Crochet (dc)
- "T" : Treble Crochet (tr)
- "O" : Chain Stitch (ch)
- "■" : Slip Stitch (sl st)

Each section of the bunny uses a combination of these stitches, as detailed below.

Step 1 – Head and Ears:

Start with a magic ring. Work 6 dc into the ring, then increase evenly each round until the head reaches the desired size. Form the ears with chains and dc rows, shaped as elongated ovals.

Step 2 – Body:

Use single crochet (sc) stitches to form a rounded base below the head. Alternate colors to create the dress or shirt.

Step 3 – Arms and Legs:

Work small clusters of sc for arms and legs, attaching them directly to the body section.

Step 4 – Edging:

Outline the entire bunny with black yarn using slip stitches to create a clean, cartoon-style border.

Step 5 – Face Embroidery:

Use black thread to sew eyes and mouth with simple stitches.

Redesigned Diagram (Neutral Tones)

The updated diagram uses shades of black and grey for clarity, with all stitches numbered and labeled to match the written instructions.

Finishing Touches:

Once your applique is complete, block it gently to flatten the stitches. Attach it to your chosen item using sewing thread or fabric glue. Enjoy your charming handmade crochet bunny!
